Join *Casa della Cultura Italiana – North Carolina (CCI-NC)*; Hon. Pier Forlano, Consul General of Italy in Philadelphia; Dr. Claudio Carpano, Honorary Consul of Italy to North Carolina; and our distinguished panelists as we showcase Italian technology and FDI in North Carolina.

Through the participation of five successful companies with U.S. subsidiaries right here in North Carolina, we look forward to a lively discussion around Italian production in the U.S. and how high-end cabinetry and large furniture technology can be revolutionary; how luxury furniture can expertly combine style and function; how hinges and sliding systems can determine the true quality of a furniture piece; and how important fine finishes are to the final product.
